

# San Francisco Electrical Contractors Association, Inc.

## 2023 ADVANCED ESTIMATING: IMPLEMENTATION BEYOND THE ESTIMATE ~ For beginners with some experience~

The SFCECA Education Committee is proud to welcome two retired San Francisco electrical industry leaders for an in dept discussion about the variety of ways to set up a project. Our panel discussion format is titled, **Implementation Beyond the Estimate.**

Each registered participant will be asked to furnish at the time of registration up to three (3) questions they want the panel to explore. Submission can be direct or anonymous, whatever works. Due to time constraints not all questions may be addressed but every effort will be made. The panel format will promote a new opportunity to Learn, Listen, Discuss and Grow with new insight and perspective on our ever changing electrical industry.
